

INTRODUCTION

This annual depicts the "Zidac at the Zoo." We hope you will enjoy our little trip through the menagerie, and that it will leave with you a rich memory of the Class of '54'.

DEDICATION

We, the Class of 1954, do hereby dedicate this our annual to Mrs. Roy Birney and Mr. John Campbell in appreciation of their kindness, helpfulness, inspiration, and co-operation.

ADMINISTRATION

superintendent

At graduation time teachers, parents, and friends join in congratulating the Seniors who have won the coveted diploma. Everyone realizes that the graduate has worked toward a goal and has achieved that goal.

Today when more pupils are graduating from high school than ever before, we find ourselves thinking about graduation as the customary outcome of high school attendance. We are shocked, therefore, when a recent study shows that in our country only 50% of those enrolled in our high schools actually graduate. This only serves to emphasize that those who graduate have persisted, have achieved, have been successful.

Seniors of 1954! We know you want to be successful in life for everyone has that desire. But how little we know about the real YOU. What thoughts are you thinking? What capabilities have you locked inside that are as yet undiscovered? What will you accomplish in the years that are allotted to you?

One lesson I hope you have learned is that of interdependence. The automobile, airplane, and atomic bomb have brought all people so close together that a man or woman in Cadiz, Ohio, might start a chain reaction that would travel around the world.

If the law of averages holds true to form, some of you will attain a ripe old age, while others will live a comparatively short span of years. Some will win riches, and others will earn only a modest income. Some will hold positions of prominence--others will be just average citizens.

It is my conviction that each of us is placed in this world for some purpose. We each have some mission to perform. In the final examination God will determine whether or not your life has been successful in the light of how well you used the talents he gave you. We wish you real success.

Robert E. Fowler

principal

Congratulations to the Seniors of 1954 and to Mrs. Birney. You have produced a fine Annual. It will be treasured by all of those who purchase one, for years to come.

I believe that we have a good school at Cadiz. I think we are helping our students to become good citizens, believing firmly in the democratic way of life.

Every school has standards. These standards at Cadiz High School, in my opinion, should be flexible to meet changing demands of the society in which they, the students, live. School standards should be as high as they need to be or should be, to utilize to the full, a student's present level of ability and thus build toward higher future levels of ability. They must not be too high and inappropriate if they lead to continued failure until the point of frustration is approached. We must give more recognition, in the future, to the integrity of the individual. The child in the school, is only an apprentice citizen. We must instill in the child's mind the principles of the democratic type of government which we have.

We, at Cadiz High School, hope to create thinkers, who will, in the words of Bacon "Read not to believe and take for granted, but to weigh and consider".

Stout walls have I without, and many oaken shelves within.
BUT

I am neither walls nor shelves; nor even books that stand in rows; nor the print that smiles from open pages. Value me not for these, for they are but trappings...the house in which I live...and the clothes I wear. But come to me and know me for what I am; The wisdom of the world...captured and arranged for you; brave deeds performed before your very eyes; the music of tuneful words; hours of laughter...and moments close to tears; the glitter of Arctic ice...and the blaze of desert sun;...the spirit of discovery and the spirit of invention.

history

To twenty-five of our class of sixty-nine, goes the distinctive honor of having spent all of their twelve school years at Cadiz Central and High Schools. They are: Mike Bertz, Fred Bice, Janet Busby, Dick Byers, Susan Campbell, Neil Campbell, Joan Coulson, Betty Davis, Don Emert, Patty Fisher, Connie Greer, Joel Hanna, Jack Harden, Kay Harris, George Kelley, Bob Kirkland, Bob Linard, Victor Long, Dorothy Luther, Julia McConnell, Karl O'Bradovich, Norma Reed, Bob Richards, Marian Thompson, and Charles wallace. Eleanor Brown and Don Cope started with us, spending all but one or two years at Cadiz, Our teacher for the first grade was Miss Pickering.

In second grade Miss Rogers made her frolicking pupils toe the mark. We were joined by Carol Barkhurst from Shortcreek and Roland Steer from Smithfield.

Third grade already and our penmanship and coloring had improved greatly over last year, at least we thought so.

Our fourth year and we welcomed Junior White and George Sawko from McKees. Hilda Thompson joined us after having left us in first grade.

Fifth grade and we had a new class mate from Canton, Elizabeth Manbeck.

As sixth graders, we were an unruly lot, but Miss Philpott and Mrs. Jennings did a wonderful job in preparing us for Junior High. Will we ever forget Anne of Green Gables? Three students joined our merry group--Barbara Hare from Wheeling, Mike Evans from Warwood, and Ed Kollar from Martins Ferry. Before we left sixth, we enjoyed presenting our very first op-eretta.

We were full-fledged seventh graders and were we proud! we had the great privilege of changing classes and going to the library. Best bib and tucker were donned for our first dance--the Seventh and Eighth Grade Dance.

Eighth grade and our class was enlarged by James Madison, Gene Lucas, Malcolm Blanchard, Rhoda and Keith Strother, and Margaretta Braks from Durbar; Elaine Thornton and Dick Meadows from New Athens; and Charles Arnold from Haverfields. Barbara wagner, our classmate of eight years, departed for Shadyside.

Our freshman year came at last. We filled H-11 to capacity with our large freshman class, which numbered over 100. Miss Gettie, Mr. Roush, and Mr. Roth had an enormous job on their hands trying to keep us all quiet. Our class was almost doubled by students from local grade schools including: Donna Boone, Joan Garvin, Shirley Roper, Ann and Melvin Terry, Suzanne Blanchard, Carolyn Morrison, Darlene and Eugene Hendershott, Bill Lenas, Don Gladys, June Drabic, Estella Kalinich, Charles Jones, Leonard Cologie, Phyllis Davidson, Jack Davis, Judy Harris, and Dan Sprowl. But we lost the following: Dianne Bennett, John Kirkpatrick, and Wayne James. Don Richards left us to join the Navy. All of us were deeply shocked at the sudden death of our classmate Roy Decker, an athletic boy who always wore a big, broad smile for everyone.

And so our Sophomore year started on a sad note. Throughout the year, we said good-bye to many of our classmates--Wilma Johnson, Alice Milliken, Martha Mahollin, Eileen Boone, Carol Christy, and David Blackman, Genia Jenkins; but we're glad to welcome Charles Harris from New Athens to our class.

Our Junior year was upon us and were we busy! We sold pencils to raise money, class rings were ordered, and the cast for our class play, "Huckleberry Finn", was chosen and rehearsal began. As soon as our play was over, plans were laid for the Junior-Senior Banquet and Prom. Shirley Evans joined us from Adena, but Fred White left for the Navy and Dick Ledfors for the Marines. We were very sorry to bid goodbye to Gwen Raver, when she left us to finish her 12th year at Ashland High. Death struck our class once more taking Bill Gavorcik from us. Annina Cresta left us also.

The year we have all awaited has arrived and so we are Seniors at last! We got our name cards and pictures. We had lots of fun giving our Senior Class Play, "I Love Lucy", which we thank Miss McCutcheon for directing in such a fine manner. It doesn't seem possible that this is our last year!! We published our annual. We thank Mrs. Birney for her hard work and patience, along with Mr. Campbell for his wise words of counsel.

Thus we reach the climax of our high school days together. Some of us will go on to college or business school, and others will be working on various jobs. Sometime we hope to meet once more, but we will always have the memories of our days together.

The time has come for the present Senior Class to depart from this way of life and enter into new fields. But before we go our separate ways, let us look back on our twelve years and remember when we first met each other.

Last Will and Testament.

We *the Senior Class* of
1954 in the County of *Harrison*
and State of *Ohio* being of sound mind and memory, do make,
publish and declare this our last **Will and Testament**, in manner following, that
is to say:

To the Juniors we bequeath our most cherished possession, our name "Seniors".

George Kelley and Dick Meadows leave their fascinating charms that women can't resist to Richard Reppart.

Dick McBride bequeaths his ability to be always smiling to Jerry Hill.

Kay Harris leaves her love for cows to Denise Mizer.

Ann Terry leaves her ability to be the first Senior girl engaged to Virginia Hython.

Patty Fisher bequeaths her last name to Mary Lou Carter.

Carol Barkhurst leaves her giggles to Ann Sterling.

Mike Bertz bequeaths his ability to kill two cows at the same time to Tom Brown.

Gene Lucas leaves to Marvin Blanchard his position on the Varsity Basketball Team.

Junior White, Buster Long, and Don Emert give to Blain Cunningham all but three of the brunettes they may find.

Joel Bass leaves all but one of his "hot rods" to John Carlton.

Hilda Thompson leaves behind her job at Myers' to Audrey Porter.

Barbara Hare bequeaths her love for the Army to Wanda Shaw.

Judy Harris and Estella Kalinich leave their height to Joyce Greer.

Julia McConnell bequeaths her love to tease the boys to Jackie Lee.

Fred "Mort" Bice leaves his engineer boots to Jim Sommerville, if he thinks his legs are skinny enough to do them justice.

Bob Richards gives his size "12" football shoes to Tom Mizer, if he thinks he can fill them.

Bob Kirkland and Roland Steer leave their patrol flags to John Mattern.

Phyllis Davidson and June Drabic bequeath their seats on the Unionvale Bus to Orville Cunningham and Sarah Stillwagon. They also appointed Willis Dowdle to be Orville and Sarah's chaperon.

Elizabeth Manbeck and Dorothy Luther leave their front seats in Salesmanship, where they can sit and watch Mr. Roush, to Belores Thomas and Ellenora Maxwell.

Marian Thompson gives her red hair to Janice Holland.

Kay Harris

prophecy

May 21, 1964

Dear Janet Merryman,

Having been called to Washington, D. C. from New York to design dresses for "Mamie", I boarded a train in Grand Central Station with my two top models, Marian Thompson and Shirley Evans. While riding we became hungry and bought a delicious sardine sandwich from the waitress who proved to be Patty Fisher. I asked Patty who concocted this great delicacy and she said the famous dietician, June Drabic.

I picked up a paper and on the front page was the latest movie, starring the well-known dancing team of Constance Greer and William Schas. Incidentally, their agent is Michael Evans.

In the society column I read, "Who is the distinguished-looking New York gentlemen being seen with the New York model Donna Boone?" In the same column I read that Misses Judith Harris and Estella Kalinich are returning to the United States after a tour in Italy. In the sports column under "Big Game", I noticed that Richard McBride and Karl O'Bradovich, with their famous dog, Mousie, had caught their fiftieth raccoon this winter.

Who's new in the Globe Trotters? Keith Strother, James Madison, Malcolm Blanchard, and Gene Lucas have joined that basketball team.

While glancing through the rest of the paper, my eye caught a familiar looking name. The following arrest was made by Patrolman Eugene Hendershott: Don Emert of Cadiz, Speeding. He was arraigned before Mayor Jack Davia of New York and fined \$10 and costs.

A voice interrupted my reading ordering me to move my feet. Donald Cope was sweeping the aisles. Donald and I had a long chat. He told me that Dorothy Luther and Elizabeth Manbeck are head nurses in a New York hospital. Their latest patients are Charles Harris and George Sawko who are recovering from their most recent crackup.

Fred Rice, Robert Linard, and Charles Arnold are now big executives in New York. Their receptionist is Betty Davis, and their private secretary is Janet Busby.

Donald said he saw a lot of girls formerly of Cadiz on the train last week. They were Joan Collson, Carolyn Morrison, Julia McConnell, Barbara Hare, and Jean Garvin. They are married now and were all taking their babies to a baby show in New York.

Arriving in Washington, I was met by Mamie's private secretary, Eleanor Brown. After my appointment, Eleanor and I talked for quite a while. She said Carol Barkhurst and Phyllis Davidson are private secretaries here in Washington and that Darlene Hendershott owns an exclusive dress shop on Pennsylvania Avenue.

Eleanor said that I should go over to the House of Representatives and listen to Representative Donald Sladoje introduce his bill for aid to homeless pigeons. Good old Don!

I decided to take a cab over to hear his speech. Kirkland Cab Service! How familiar that sounded and sure enough Robert Kirkland was at the wheel.

My what a fine speech! News analysts covering the speech were Roland Steer and Daniel Sprowl. Remember them Janet?

While walking down 83rd street, I bumped into a newsboy who turned out to be Melvin Terry. After exchanging greetings, I told him I was looking up the Class of '54'. He told me that Ann Terry is now married and living with her husband, coach at Oxford, Ohio.

Charles Jones is now chief bottle washer at the Hillcrest Dairy.

Kay Harris, now the wife of a big-time rancher in Colorado, is busy rustling steers. This secret information came from an F. B. I., friend of mine, Junior White.

Remember Susan Campbell's great love for sports? Well, she is now coaching the Ohio State Football Team with Robert Richards, Jack Harden, and Edward Kollar playing on the team. Victor Long is their manager.

I just got through reading George Kelley and Richard Meadows' book, "How Does One Get Into West Point?" Splendid!

Norma Reed is now teaching the first graders in Cadiz. Bless their little hearts.

Rhoda Strother, Margaretta Brooks, and Suzanne Blanchard are married and living in Cleveland.

I learned recently that Neil Campbell has a strenuous job as manager of Richard Byers' dog pound here in Washington.

Hilda Thompson has recently taken over the Grocho Marx Program.

While I was here in Washington, I thought I would drop in on Elaine Thornton who works in the patent office, and there I found our class genius, Charles Wallace, trying to get a patent on his new invention--bottomless buckets for carrying steam.

Charles told me that Michael Bertz, head of the Highway department, has just finished constructing the last cattle underpass beneath all highways. Wonder why? Maurice Myers now owns the largest manufacturing concern of Crosley cars.

Joel Hanna has just finished his new racing car with wings, The Hanna Special, to eliminate wrecks.

Congratulations, Janet, on being voted the most beautiful secretary of the year.

And so this concludes the class of '54'.

Sincerely,

Shirley Fagan

"Huckleberry Finn" is a clean wholesome comedy filled with the pranks of two lovable boys, just like the kids next door.

The play deals with "Huck's" problems both during childhood and after and portrays all of his boyish pranks as well as, his struggle to aid his dear "Aunt Polly" and "Aunt Ruth". Polly was the warm, loving, but "so nervous" friend to Huck Finn. When Huck discovers that his father John Finn really hasn't "kicked the bucket" the play begins to roll.

Mr. John Finn is the villain in this charming little comedy and he creates quite a sensation when he makes his claim to poor Huck.

This play came to a close in a most unethical way. You must have guessed it by this time. John Finn and Aunt Polly fall in love and all live happily ever after. Dramatized with consent of the Northwestern Press.

DIRECTOR

Miss Lucille McCutcheon

As the curtain goes, we find Lucy industriously writing and erasing and writing again in a book entitled, "Household accounts." Yes, Lucy is trying again to unravel the monthly mystery of her household accounts. Will she succeed? Her comes Ricky now. Shall we listen in on this domestic ritual?

Ricky has a faint inkling of things to come. Poor Lucy! As Lucy leaves the kitchen to get a report of her accounts, who should slip into the kitchen but Peggy Dawson. Peggy has a real crash on the handsome Mr. Ricardo--much to his despair. Ricky hasn't noticed Peggy's entrance, but he soon will. Is Ricky going crazy? He knew he didn't pour that coffee into his cup. The rude awakening comes as Peggy speaks to Ricky, and Ricky gently throws his coffee into the air. How on earth can he get rid of that girl?

Is that Lucy whom we see eavesdropping? She has an idea. Lucy always has an idea. Since Peggy wants to take Ricky to the school dance, Lucy will teach Arthur Morton how to dance so he can take Peggy to the dance. Arthur is Peggy's second great love. That just might be the solution to the problem.

It seems like quite a plan, but knowing Lucy as we do, we do not cease to wonder how all this will turn out.

After Arthur falls in love with Lucy, and Ricky nearly loses his job, and Lucy is frozen stiff in a deep freeze which she and Ethel have bought so that they can economize, the play comes to an uproarious conclusion. Lucy discovers that the meat that was hidden in the furnace is burning up. This little episode ends and with the ending, the Ricardos have captured the dubious honor of being hosts at the biggest barbecue in the world. All this because Lucy has an idea.

All's well that ends well, and we still love Lucy. Yes, everyone loves Lucy!

Are mostly Latin "brains".
But they wonder just how "smart"
They were to schedule all these pains.

What?...Latin?...Certainly not!

The Cadiz High School Band consisting of sixty members, under the direction of Mr. Gillaspie, has finished a very successful season.

The Band should be congratulated on the fine job it did entertaining the fans at the half time of our football games. They have also marched in many parades, and held their annual concert on April 9.

The Band Mothers Club has a lot to be proud of also. They have worked hard in making money for the Band and giving them a successful banquet on February 15.

The Band will lose by graduation this year: Janet Merryman, Eleanor Brown, Joan Coulson, Kay Harris, Elaine Thornton, Marian Thompson, and Darlene Hendershott.

The Beginners Band will be the Cadiz High School Band of tomorrow. This band consists of girls and boys from the elementary school. They work hard and long because they know that they will be rewarded with the privilege of being a member of the Senior Band.

For the Christmas P. T. A. program, the entire chorus joined in singing, "Today There is Ringing" and the "Hallelujah Chorus."

On April 29 and 30 the chorus presented the annual operetta, "Golden Butterfly," by Charles, George, and Johann Strauss. It was interesting with an intriguing plot and beautiful music. The chorus is under the most able direction of Mrs. Ruth McKillop.

It is the first all male choir in many years. It rehearsed outside school hours, usually at noons.

SENIOR GIRLS SEXTETTE

The sextette has made many successful appearances this winter. The most outstanding was a convention at Steubenville, where they furnished the background music for a Patriotic Pageant, presented by the Business and Professional Women's Club of Cadiz. Other appearances include the P. T. A., Legion Auxiliary, and the Women's Club. In this sextette are: Betty Davis, Dorothy Luther, Carol Barkhurst, Elaine Thornton, Janet Busby, and Barbara Hare.

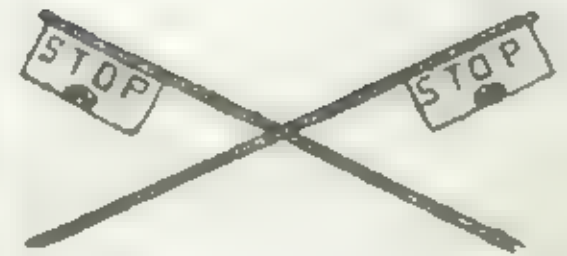

THE CHORALIERS

The Choraliers have sung at the St. James A. M. E. Church, McIntire Church, Schaeffer's Chapel, Simpson Church, the Quin Chapel of Steubenville, and in the Sophomore Assembly. The girls' names in this sextette are: Marjory Gross, Patricia Terry, Shirley Jackson, Virginia Hython, Mary Reed, and Ann Strother.

The Cadiz Cardinals of 1953 was a "dream come true" team. They went from ten losses in 1952 to seven wins and two ties in 1953. A great deal of credit is due the boys and coaches. Hard work and determination helped bring about their successful season. They won the crowns of both the leagues they were in, the Eastern Ohio Athletic League and the Eastern Central Ohio Athletic League. This was an honor well worth working for. As quoted by many of the district coaches, "The EOAL League was the toughest league in the Ohio Valley."

Much credit is due to the Seniors of this squad for there were seventeen of them on the team. The Seniors placed at least eight men on offense and eight to ten on defense at all times during the season.

The 1953 season was the second undefeated one Cadiz has ever had in football. The other undefeated team was the 1951 squad with an eight win one tie record.

CADIZ CARDINAL HIGHLIGHTS

The Cardinals opened their 1953-54 season at Mt. Pleasant. The Cardinals picked up their first win of this outing. Later in the season the Mounties traveled to Cadiz only to be defeated again. The record for the Cardinals and Mounties since 1931 is nine wins for Cadiz, three for Mt. Pleasant.

The team that proved the biggest headache for the Cardinals in the ECOL League was Uhrichsville. In their first class of the season only three points made the difference to give the Cardinals a win. In this record meeting the difference was seven points in favor of the Tigers.

When the Panthers of Seio came to Cadiz they put their nine year winning streak over the Cardinals on the court. The Cardinals broke the jinx by winning in a very close one 51-49.

When the Red Birds traveled to the home of the Red Devils of St. Clairsville, they were taking a record of 15 previous years of wins to six losses with them. In another hotly contested game the Cardinals came out on top to make their record for the season five wins to no losses.

The battles with our arch rivals, the Golden Wave of Adena, produced two wins this season. The all time record for these two schools places Cadiz on top with 35 wins to 24 for Adena.

The Cardinals had their first winning season over the Railroaders of Dennison since the 1944-45 clashes with Dennison.

The Shamrocks of Barnesville took top honors at Cadiz as well as on their own courts this season. In the first clash the strong Class A school and Cadiz played a heart breaker on the Cardinal's home court. Final score Barnesville 53, Cadiz 52. Of their 40 meetings on the hard wood since 1931 Cadiz holds the record of 25 wins to 15 losses.

The Cadiz fans that saw Cadiz and Wintersville clash agree that Gene Lucas was the only boy that held their big "full back" to a "no yards gained game." By the way, Cadiz won the game 67-58.

After defeating Dennison for the second time, the Cardinals had two ECOL League teams to play to assure the Cardinals a tie, if not the championship. Newcomerstown was the first of the two teams that fell before the Red Birds. Next came the greatly improved Carrollton Warriors. In a very close battle the Cardinals presented the home town folks with another win.

The Cadiz squad finished its season by traveling to Bridgeport. The speed of the Bridgeport team was just too much for the Cardinals who have been used to playing on a small "cracker box" of a floor.

The Cardinals share a Co-Championship of the ECOL League with the Uhrichsville Tigers. This is the first time in the history of the school that Cadiz has ever shared any part of this basketball honor.

The five departing Seniors of the team: Lucas, Strother, Harris, Harden, and Richards; wish Mr. Roush and his team all the luck next season and hope that they will again have a championship team.

The Cadiz squad had a very good regular season of 15 wins and 5 losses. This does not include the tournament scoring records.

This is the first year that the Cardinals have had a winning season since the 1943-44 triumphs, when the squad won 18 while losing 4.

The Cardinal floormen also set a new school scoring record this season of 1133 points. The previous record of 1019 points was scored in the 46-47 tussels.

This season was the first time in over twenty years that our school has been represented by a girls' basketball team. Miss Sheibler coached them to the best of her ability, although they ended on the short end of the score in both of their contests.

However, the girls didn't lose any enthusiasm. They had a nice following, a factor which proves a few folks still enjoy girls' basketball.

The members of the team were chosen from the Physical Education classes. Susan Campbell and Helen Stalter were co-captains.

ELEMENTARY

INTRODUCING
THE
ELEMENTARY SCHOOL

Last September one hundred and nine pupils entered the doors of Cadiz Central School for the first time, thus beginning the great adventure of American childhood. "I'm going to School!" the child says proudly. Each child is different. He comes from a different home, different parents, and has different experiences and background. He has good and bad character traits, personal habits, and mental attitudes.

In the elementary school the child learns the tool subjects, known in the "good old days" as Readin', Writin', and 'Rithmetic. In the early days when America was predominately rural in population, no other subjects were needed and the child was taught other valuable lessons at home.

Today our living habits and customs have changed completely and the schools have changed, too. The three R's have become the six R's for now the child is taught Responsibilities, Rights, and Relationships. This is necessary because the home in most instances no longer takes the time to teach these virtues. Many agencies such as moving pictures, radio, and television, compete with the school for the child's attention and interest. The school must meet this challenge by changing its methods and procedures as it finds better ways to interest the child and stimulate his thinking.

The elementary school has great influence upon the child for here is laid the foundation of all future learning. Here he learns discipline, good habits of study, and respect for the rights of others.

In the elementary school children soon realize that everyone does not learn equally well. Some learn their lessons faster and remember them longer than others. There is, however, one lesson all can learn and it is one of the essentials--Good Citizenship. Only as the schools teach, and the children learn this lesson do we preserve our Democracy and Freedom.
